Image of new roof structure and windows

Please state why you wish to make this amendment

- 1 (Slight reduction in roof height) - During the build it was determined by the structural engineer & builder that the original plans for the roof would not actually be possible with the loads on the steel beams. Therefore the height of the roof above the garage has been reduced to fall in line with the existing roof structure.
- 2 - As en-suite has been removed from the plan due to cost, the window has been changed from a small frosted bathroom window, and has been replaced with a larger bedroom window.
This window has been made larger to comply with fire regulations to provide an escape route in case of a fire.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
