Hi Chris,

Thank you for your email.

If it would be okay to keep them both the same, that would be great. Just so that both references at a glance are not seen as two separate proposals.

Kind Regards,

Hi Sandeep,

Thank you for getting back to me.

Yes – the varying descriptions were intentional. We generally prefer to have different descriptions for the planning permission application and the listed building content application (even if the differences are very minor). Obviously, it's not essential for them to be different so more than happy to keep them the same if you'd prefer...?

Thank you
Kind regards

Dear sir/madam,

Please see attached relevant documents for application references: **NE/21/01564/FUL** & **NE/21/01565/LBC** in response to the invalid comments.

Regarding the revised description for the applications, it appears the suggested description seems to differ between both application references; therefore, may I suggest the following description for both:

Conversion of existing outbuilding to 1no. dwellinghouse; consisting of a two storey rear extension, single storey front extension & associated works (new windows, doors & rooflights, new gable dormer to the rear & infilling of openings).

Please let me know if the above description is suitable for both application references.

If you require any further information, please do not hesitate to get in touch.

Kind Regards,

Sandeep Parmar BSc (Hons), MArch, PG Dip.
