8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees
A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO
Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall. Yes No
If YES you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. Yes No
If YES you are required to provide for:
Subsidence
A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturalist to support the tree work proposals.
Other structural damage (e.g. drains, walls and hard surfaces)
Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree) Yes No
Are you providing separate information (e.g. an additional schedule of work for Question 7)?

If YES please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

Photos, tree surgeon reports and map will be provided by email. using reference TPO12/00017-G2

Form TPO12-02-1983 (Revision 01/14)

Proposal:

Provide a detailed description of proposed works	Felling both trees which are infected with Ash Die Back .
--	---

Reason:

Describe why the works are an exception	One large branch has already fallen off. The SE tree overhangs a public highway and visitors/ volunteers work in the Churchyard. After consultation with our tree surgeon we are agreed that the trees are dangerous and should be felled before further branches fall off.
---	---

Photographs:

Are you providing photos?	Y
Describe what photos show	Ash trees without leaves.

Replacement Proposals:

<p>Do you have a preference for replacement planting?</p> <p>Describe preferred replacement trees and reasoning</p>	<p>The trees will be replaced. Consultation will take place between the Parish Council, the Parochial Church Council , the Diocese and the villagers as to the preferred replacements.</p>
