Dear [REDACTED]

Validation ESHER number: 201206
Address: 1 Roedean Way, Brighton, BN2 5RJ
Proposal: Proposed extension

Thank you for consulting the East Sussex Historic Environment Record (ESHER) regarding this application in accordance with the requirements of the National Planning Policy Framework (Policy 194).

On the available evidence, the East Sussex County Council Archaeology Team do not consider that, in this instance, the information held by the ESHER would contribute to determining the significance of the heritage asset.

Furthermore, we do not require the Local Planning Authority to consult directly with East Sussex County Archaeology Team when determining this application as, based on the available evidence, we do not believe that any significant archaeological remains are likely to be affected by these proposals.

Please pass this email on to the Local Planning Authority.

Best wishes

Good morning,

Please could you let us know if a HER is required for the proposed works at the above address.

The proposal follows a recent grant of permission, BH2020/03512, for which it was determined that it is unlikely any significant archaeological encounters would occur.

I attach our revised proposal for your information, along with a couple of photographs for reference.

Best wishes,
