4. Description of Proposed Works

Please describe the proposed works:

Erection of fencing 2.4 metres high on the north facing boundary at the rear of my property, between no 18 The Village and my property (Aidenfield). The reason for the erection of this fence at 2.4 metres high is because of a difference in ground levels of 600 millimetres between my property and no 18 The Village. This fence when viewed from no 18 The Village will be 1.8 metres high. The boundary between my property and my neighbouring properties (15,16,17 and 18 The Village) is defined by a continuous stone wall 1.2 metres high when viewed from my side. Nos 15,16 and 17 The Village all have outbuildings erected on their boundary which are about 2.5 metres high at the eaves. No 18 has a garage erected on part of the boundary which is about 2.5 metres high. I want to erect a fence on the portion of the boundary wall not covered by outbuildings which when viewed from my side will be 2.4 metres high but because of a difference in ground levels of 600 millimetres, when viewed from no 18 The Village, the fence will only be 1.8 metres high. I have been advised to have this fencing erected for my safety and security as a single woman living alone, particularly with the onset of darker nights. Currently, the unfenced portion of my boundary with no 18 The Village is only about 600 millimetres high when viewed from no 18 The Village. I have recently had trouble with intruders who I believe could only have gained access to my garden via this low wall.

Has the work already been started without consent? Yes No
