

CONDITION 3 - BIODIVERSITY ENHANCEMENT STRATEGY.

Please refer to the plan attached with this proposal.

1. Barn owl box in the cart shed to encourage Barn owls to nest.
2. Bird and Bat boxes on various trees to encourage Birds and Bats to nest and roost.
3. Log piles to encourage various wildlife. Log piles support a wide range of wildlife including moss, fungi and insects. It will also attract a range of small mammals, reptiles and birds.
4. Wild flower meadow to encourage birds and insects.
5. Bug hotels, for insects and pollination. To encourage insects into the garden to help pollinate the wild flower meadow.

Proposal for the biodiversity enhancement strategy.

① Barn owl box in cart shed.

② Bird and Bat boxes on various trees.

③ log piles to encourage various wildlife.
