4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? Yes No

Are you wishing to carry out works to tree(s) in a conservation area? Yes No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? Yes No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

A = Main Plan,
B = Key to Main Plan
C = Photo of trees 1a to g Leylandii
D = Photo of trees 1a to g Leylandii

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:
- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:
- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

5. Identification of Tree(s) and Description of Works

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

(Please also refer to A = Main Plan and B = Key to Main Plan.)

Trees 1a to g - Leylandii. Situated at the back of house in rear garden. Request to fell. Danger to house, shed and cars. Interfering with neighbours light.

This is a group of 7 Leylandii trees which, from the road, look like one large tree. The tallest is approximately 16 metres high.

Tree 2 - Cypress. Situated to the side of house in side/front garden. Request to fell. Danger to house and cars. Height is approximately 6.7 m.

Tree 3 - Fir tree. Situated next to gate at entrance of house. Request to fell. It is growing into the beech hedge and gate. Would prefer to extend beech hedge.

Trees 4 and 5. Prune. Situated in front garden next to (and in) the beech hedge by the road. Request to reduce crown. The branches need to be cut away from the service wiring along the street and brought within the boundaries of 2 Dairy Farm Cottages. Some branches are a few centimetres from neighbour's garage of Croft House. Approx height 6.5 and 7.5 metres.

Tree 6 Beech and Tree 7 Yew. Request to reduce crown. Both trees (mainly beech) overhang boundary into neighbour's side yard. Danger to neighbour's house. The beech is 11.7 metres and the Yew approximately 7.4 metres high.

6. Tree Ownership

Is the applicant the owner of the tree(s)?

Yes No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
