Subject: Attention of D burbeary planning ref 2016/0156/ful

Dear Mr Burbeary

Further to our conversation by telephone in relation to the discharge of roofing materials for Hollyhock Cottage I have attached the following documents.

A previous discharge for LimeStone at the property.

The Type of Bradstone roofing material to be used. Conservation roof slates.

A drawing submitted to the planning department detailing bradstone roof slate to obtain full planning permission.

It is my understanding that the Bradstone roofing material is to be used on the existing and new roof. Could you please consider the application to discharge the roof material.

The discharge notice has been paid reference 03/11/21 15498

If [REDACTED] t hesitate to contact me
