Subject: Re: Invalid Planning Application 2021/2386

Hi Lisa

1.As requested please see a hand drawn plan as requested with pointers for information. The pictures show both sides of the roof the drawn picture plan is duplicated both sides for note in framework and rafters.

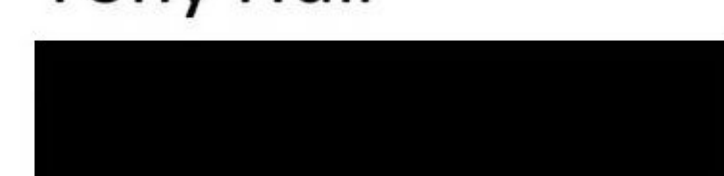

2.Also see attached pictures off the whole roof as well.

3.For Note as said we cannot pin point which rafters are to be saved as yet to mark out for you or replaced. As discussed with your departments visit to site , it looks like about 85% plus will need replacing, but this equation cannot be determined until they are taken off the framework to put a new ridge in , to see how they react when dismantled.

4. The green felt roof is the kitchen roof not part of the application as we have saved the rafters and lath and plaster as it was newer and workable.

Kind Regards

Tony Hull
