4. Description of Proposed Works

Please describe the proposed works:

The proposed works are to create a safer, more traffic friendly incoming vehicular entrance to our property.

A new entrance would be created to the left side of the property (side nearest to West Winch / left hand side when facing the property) which would then be continued across the front of the property to enable a fully joined up driveway with the existing driveway in place thus creating a larger turning space and the facility to drive in and out of the property's driveway without the need to reverse into / out of the current driveway onto an ever increasingly busy road, that being Rectory Lane.

The new gravel / stones will be purchased from a local quarry to match the existing gravel / stones situated at the property thus retaining the new driveway to be in keeping with the local area and property.

Has the work already been started without consent? Yes No
