Dear Chris,  
Unfortunately Kathryn is away until Monday, however I am happy to confirm that an application based on your revised proposals would be supported on conservation grounds.

I have considered whether retaining low panels below the lock rail in better detailed French doors onto the balcony would be a more appropriate solution and just have better detailing.

I have also considered whether painting the windows a darker colour so that the poor detailing becomes less visually prominent would work, and this is an option your clients may wish to consider, however I think that all these changes will have a similar small level of enhancement.

I suggest that a greater enhancement would come from removing the balcony altogether and having a full height traditional sash window detail with the lower sash fixed shut for safety. However I think that an argument could be made for one of the other options and I suggest that you make your applications including any of these options as enhancement to offset the minor harm that is caused.

David.

## 15. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes  No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
