Details of the pre-application advice received

To conclude, the principle of the proposed development is likely to be acceptable and in accordance with the revised NPPF. Whilst local planning policy does not currently provide support for this scheme, the forthcoming JLP will likely provide a more positive policy basis for the acceptability of the scheme. Statutory consultations with the Heritage Officer, Highways Officer and Ecological Consultant would provide important comments on the acceptability of some key material planning considerations, especially given the countryside location of the site and nearby heritage asset. The proposed contemporary design for the immediate setting and unlikely impact on residential amenity would both weigh in favour of the application.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
