Hi Victoria,

Thanks for the consultation. While the site generally may have some archaeological potential the new dwelling will largely be on the same footprint of the existing. I do not consider that any significant archaeological impact will occur through the implementation of the scheme. I do not wish to impose any archaeological conditions.

Kind regards,

Claire

Coronavirus update

There are a number of changes in the way the CYC Development Services are working during the current Coronavirus situation. Development Services are now working remotely away from the office. We ask that you assist in this process and communicate with us by email and telephoning and not by posting items to the office address. If your enquiry is urgent please start the subject of your email with the word 'urgent' and where possible tick the urgent marker in options. Thank you
