Subject: RE: Invalid Planning Application 2021/2501

Hello,

In reference to my invalid planning application referenced above, please find the additional requested information.

1) Plum (T1) - height reduction will be 2m = current height (vertical height of tree on slant) of 4m, finishing height of 2m (height of hedgerow) Ash (T4) - measurement to first branch is 3m (highest ash dieback seen is 5m) Ash (T5) - measurement to first branch is 2.5m (highest ash dieback seen is 4m) Ash (T6) - measurement to first branch is 2.5m (highest ash dieback seen is 4m)

Please let me know if this information will be sufficient or whether I need to submit via the portal or else discuss with you in person. Just to note that Tom Bird will be helping me undertake the tree works if the application is approved.

Kind regards,

Chris Ward.
