TABLE 1. Local Requirements for Protected Species: Criteria & indicative thresholds for when a Survey & Assessment is required (see 'Guidance For Applicants')

SPECIES	Please tick appropriate box		Species likely to be affected and for which a Survey will be required											
			Bats	Barn Owls	Breeding Birds	Great Crested Newts	Otters	Water voles	Badgers	Reptiles	Amphibians	Plants	Crayfish	
			YES	NO										
Proposed development which includes the modification, conversion, demolition or removal of buildings and structures (especially roof voids) involving the following:														
<ul style="list-style-type: none"> all agricultural and ex-agricultural buildings (e.g. farmhouses and barns) particularly of traditional brick or stone construction and/or with exposed wooden beams greater than 20cm thick with stone, slate or pantile roof; all tunnels, mines, kilns, ice-houses, adits, military fortifications, air raid shelters, cellars and similar underground ducts and structures; all bridge structures, aqueducts and viaducts (especially over water and wet ground); Domestic works which involve the removal or disturbance to the roof or roof structure including loft conversions. 			V	V	V									
Proposals involving lighting of listed buildings or flood lighting of green space within 50m of woodland, water, field hedgerows or lines of trees with obvious connectivity to woodland or water.			V	V	V									
Development within the curtilage of a church.			V	V	V									
Proposals affecting woodland, or field hedgerows and/or lines of trees with obvious connectivity to woodland or water bodies.			V		V					V			V	
Proposed tree work (felling or lopping) and/or development affecting: old and veteran trees that are older than 100 years; trees with obvious holes, cracks, cavities; trees with girth greater than 1m at chest height.			V		V									
Proposals affecting gravel pits or quarries and natural cliff faces and rock outcrops.			V		V						V			
Major* proposals within 500m of a pond or lake or Minor proposals within 100m of a pond or lake.						V								
Proposals affecting or within 20m of rivers, streams, canals or other aquatic habitats.							V	V				V	V	V
Proposals affecting 'derelict' land (brownfield sites), allotments and railway land.					V	V				V	V	V		
Proposed development affecting any buildings, structures, feature or locations where protected species are known to be present. **			V	V	V	V	V	V	V	V	V	V	V	

* = A 'major' proposal is one that is more than 10 dwellings or more than 0.5 hectares or for non-residential development is more than 1000m² floor area or more than 1 hectare.
 ** = Confirmed as present by either a data search (for instance, via the North & East Yorkshire Environmental Data Centre) or as notified to the developer by the local planning authority, and/or by Natural England, the Environment Agency or other nature conservation organisation.
 V = if you ticked the 'YES' box against this species then an Ecological Survey & Assessment **must be submitted** with your Application unless it falls within the exceptions described in this 'Guidance for Applicants'.
