

New service pipe consent form (Scotland)

In order to complete your work, we need consent from the third party landowner to lay the new service pipe and/or meter box through/on their land/property, and we can't go ahead without it. Please ask the landowner to fill in their details below, then sign and date it in front of a witness who should also add their signature, occupation and address. Please note that the witness should not be a relative and must be at least 18 years of age.

Please return the consent with your order form.
