
Report date: **09 January 2019**

Customer ref: **3934_EPO1**

Property address: **The Bungalow, the Street, Thornham Magna, EYE, IP23 8HB**

Report Commissioned by: **Patrick Allen & Associates Ltd**

On behalf of: **The Bungalow, The Street Thornham Magna, IP23 8hb**

Purpose of report: **Acquiring the property**

Freehold or Leasehold: **Freehold**

Redevelopment Yes or No: **Yes - It is understood that there are redevelopment plans for the site in the form of Unspecified re-development, from Residential to Unspecified future use.**

Argyll Environmental's professional opinion describes the level of risk associated with the information disclosed in the associated Enviroscreen data, as the following:

Property Assessment

PASSED

In view of the development proposals in the form of Unspecified re-development from Residential to Unspecified future use, it is likely that the local planning authority will require a risk based assessment as to the ground conditions with conclusions as to whether any remedial measures are necessary.

Property Value

Unlikely to have an adverse effect on the value of the property.

Contaminated Land

The property is unlikely to be designated "contaminated land" within the meaning of Part 2A of the Environmental Protection Act 1990.

Environmental Factors for consideration

In this case the following environmental factors have been identified (1) An area of floodplain

Based on valuation guidance from the RICS Red Book this report complies with UK GN1.1 - Appendix 2.2(E) Contamination and hazardous substances and valuation guidance from the RICS Red Book - Appendix 2.2(F) Environmental Matters.

Groundwater Vulnerability				
Geological Classification: Minor Aquifer (Variably permeable) - These can be fractured or potentially fractured rocks, which do not have a high primary permeability, or other formations of variable permeability including unconsolidated deposits. Although not producing large quantities of water for abstraction, they are important for local supplies and in supplying base flow to rivers, Soil Classification: Soils of Intermediate Leaching Potential (I1) - Soils which can possibly transmit a wide range of pollutants, Map Scale: 1:100,000	N/A	✓		
Drift Deposits				
Drift Deposit: Low permeability drift deposits occurring at the surface and overlying Major and Minor Aquifers are head, clay-with-flints, brickearth, peat, river terrace deposits and marine and estuarine alluvium	N/A			✓
Radon Potential				
The property is in a Lower probability radon area (less than 1% of homes are estimated to be at or above the Action Level).	N/A	✓		
Radon Protection Measures				
None	N/A	✓		
Coal Mining Affected Areas				
In an area which may not be affected by coal mining	N/A			
Brine Compensation Area				
No	N/A			

Local Authority Landfill Coverage * if applicable. It has not been possible to obtain Landfill data from this authority therefore the fact that no local authority landfills are disclosed in this report does not necessarily confirm that no local authority landfills exist. We recommend that if you are concerned about landfill you should contact the relevant local authority. "-" denotes the nearest Local Authority Landfill Coverage.

Additional Information

In completing this report Argyll Environmental has undertaken a review of the Enviroscreen data made available to it. No site inspection, further enquiries or investigation of surface or ground conditions has been carried out by Argyll Environmental. No information as to the age, value and type of property has been made available.

Surveyors are reminded to refer to the RICS guidance note 'Contamination, the environment and sustainability - Implications for chartered surveyors and their clients', published April 2010, and consider using the property observation checklists developed by the RICS for identifying apparent potential for contamination and recording observations made during the normal course of inspection. The checklists are contained at Appendices A-C of the above guidance note. Completion of these checklists does not constitute an environmental assessment for the purposes of Professional Indemnity Insurance where many surveyors are unlikely to have appropriate indemnity cover.

The information in this Enviroscreen® Certificate is derived from a number of statutory and non-statutory sources (refer to the user guide). Whilst every effort is made to ensure accuracy, Landmark cannot guarantee the accuracy or completeness of such information or data, nor to identify all the factors that may be relevant. If you are a private individual using this Certificate Landmark recommend that you discuss its contents in full with your professional advisor. It is essential to read this Certificate in conjunction with the User Guide and your attention is drawn to the scope of the Certificate section within the User Guide.

Commercial Premises Environmental Insurance

Landmark information Group provides a link to Arlington Insurance Services Limited which is able to offer environmental insurance underwritten by ACE Insurance Group Limited for The Bungalow, the Street, Thornham Magna, EYE, IP23 8HB. The insurance is subject to an Enviroscreen certificate report having been commissioned and a quote obtained from Arlington Insurance Services Limited.

Key policy Benefits:

- n Coverage for sudden and gradual pollution
- n Coverage for on-site and off-site first party cleanup
- n Automatic coverage for biodiversity damage
- n Damage to third party property, including diminution in value
- n Policy periods up to 5 years coverage
- n Limit of indemnity up to £5m
- n Self Insured Retentions from £2,500 per loss
- n Proactive claims support to minimise losses and their financial and reputational impacts on the business
- n Legal Defence Expenses

This statement does not contain the full terms and conditions of the coverage provided, which can be found in the policy document. The Environmental Impairment Liability (EIL) Policy is a claims-made policy offering a range of cover for gradual, sudden and accidental pollution resulting from the ownership, control and/or operation of premises.
