I have received a planning application as detailed above but cannot process it until I receive some more information:

1. The Community Infrastructure Levy was adopted by the Council on 19 January 2017 and came into force on Wednesday 15 February 2017.

Therefore, you will need to complete the CIL Additional Information Requirement Form 1. You will need to include the applicant's details as the applicant will need to be contacted as the liable party.

The form and guidance notes are available on the Council's website at www.west-norfolk.gov.uk/CIL

2. From the 1st April 2016 the Habitats Regulations Monitoring and Mitigation Contribution levy came into force. The fee must be paid at the planning application submission stage or by entering into a Unilateral Undertaking / S106 agreement if you wish to pay later.

Therefore, a fee of £55 per dwelling, plus a £55 Administration Fee is payable on completion of a Unilateral Undertaking.

3. As the property lies within an area at risk to flooding, please complete the simplified Matrix and return it. The Matrix can be found at https://www.west-norfolk.gov.uk/info/20173/information_for_planning_agents/231/flood_risk_information
4. Provide a structural survey of the existing barns.
5. The application fee is 6 x £462.00 = £2772.00. Therefore an additional £2310.00 is payable.

Once this information is received your application will become valid and the application can be passed to the relevant planning officer.

To enable us to deal with the additional information requested efficiently could you please ensure you quote the Application Number detailed at the top of this letter along with the name of the officer detailed on this letter. Could you also clearly state the location and details of the proposed development in all correspondence and **mark it for the attention of Mrs Lesley Raby**
