Change of Plinth Detail

Full Planning Application - Conversion of barn to 1no. dwelling and the erection of a two bay cartlodge (re-submission of DC/19/00229)

Thatched Barn, Rose Farm, Rose Green, Lindsey IP7 6PX

Please see attached detailed drawing of proposed Plinth Detail which formed part of the original application and a new drawing with a proposed change of detail.

The proposed change would allow a red brick internal detail to be visible under the sole plate as is currently the detail. The construction of a cavity would allow for the insulation to be concealed within the structure enabling the brick wall to be visible both externally and internally. The brickwork will be in Flemish Bond in NHL Lime mortar.

Yours Sincerely
