Amended proposal for land west of Highgate Lane (FY6 9DS approx)

To lay a base and erect / wooden shed to hold chicken feed/ bedding etc and general tools.

FRA Flood assessment

The site as per the Enviroment agency map shows it as flood zone 2 ( protected) To the Northern boundary is dyke and to the eastern boundary between the land and the road is another dyke. Which are maintained by ourselves which prevents any flooding to the field with rain water. The addition of a shed with a footprint of 14 x 8 will not constitute any greater flood risk to the land.

There will be no plug socks within the shed. As there is no power to the field

Terry
