

Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

## Town and Country Planning Act 1990

### Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

### 1. Trees Location

Number	<input type="text"/>
Suffix	<input type="text"/>
Property name	On a Strip of Land to the rear of
Address line 1	The Old Vicarage
Address line 2	Church Hill
Address line 3	<input type="text"/>
Town/city	Ramsey
Postcode	CO12 5EU

If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')

Easting (x)	621782
Northing (y)	230482

Description

### 2. Applicant Details

Title	<input type="text"/>
First name	Francesca
Surname	Whitbread
Company name	Property Risk Inspection
Address line 1	2 The Courtyards
Address line 2	<input type="text"/>
Address line 3	<input type="text"/>

## 2. Applicant Details

Town/city	<input type="text" value="Colchester"/>
Country	<input type="text"/>
Postcode	<input type="text" value="CO49PE"/>

Are you an agent acting on behalf of the applicant?  Yes  No

Primary number

Secondary number

Fax number

Email address

## 3. Agent Details

No Agent details were submitted for this application

## 4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?  Yes  No

Do you know the Tree Preservation Order reference number(s)  Yes  No

### For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall  Yes  No

2. Alleged damage to property - e.g. subsidence or damage to drains or drives.  Yes  No

If Yes, you are required to provide for:

- Subsidence: A report by an engineer or surveyor (to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals) and a report from an arboriculturist to support the tree work proposals.

- Other structural damage (e.g. drains walls and hard surfaces): Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Are you wishing to carry out works to tree(s) in a conservation area?  Yes  No

### Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')?  Yes  No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

Site Plan  
184664 Statement of Reasons  
GC-53120-Visual Inspection Report Nov 2019  
Arb report  
EAR  
53120 - Monitoring graph  
Trial pit borehole locations plan  
Monitoring Results  
Soil test lab results  
Root ID

## 5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

Fell and Treat tump to T6 Oak and T8 Sycamore Tree located on a strip of land to the rear of The Old Vicarage, Church Hill, Harwich, CO12 5EU.

- 1.The above tree works are proposed as a remedy to the differential foundation movement at the insured property and to ensure the long-term stability of the building.
- 2.The above tree works are proposed to limit the extent and need for expensive and disruptive engineering repair works at the insured property. In this instance the estimated repair costs are likely to vary between £15,000 and £100,000, depending upon whether the tree/s can be removed or must remain.
- 3.The above tree works are proposed to limit the duration of any claim period and therefore allow the landowner their right to the peaceful enjoyment of their property.
- 4.It is the case that an alternative to felling such as pruning or significant 'pollarding' of the tree would not provide a reliable or sustainable remedy to the subsidence in this case. We do not consider that any other potential means of mitigation, including root barriers, would be effective or appropriate in the circumstances.
- 5.We are satisfied that the evidence obtained following completion of our Arboricultural Implication Assessment report completed 18th February 2021 clearly links the implicated trees as the cause of damage to the risk address
- 6.Insurers understanding the requirement to offer replacement planting in the event consent to fell is granted.

## 6. Tree Ownership

Is the applicant the owner of the tree(s)?

Yes  No

If No, please provide the address of the owner (if known and if different from the tree location):

### Name/Company

Title:

First name:

Surname:

Company name:

### Address

Number

Suffix

Property name

Address line 1

Address line 2

Address line 3

Town/city

Postcode

### Contact Details

Primary number

## 6. Tree Ownership

Secondary number

Fax number

Email address

## 7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes  No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

## 8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

Date (cannot be pre-application)

09/12/2021
