To whom it may concern,

We need a bigger Aldi Store, with parking. I'm fed up of having to go to the concourse multi storey car park to get a trolley, it is so inconvenient. We go to the burscough store because it has lovely big spacious aisles and parking right outside. I live by the old coop bank site, it's an eye sore and needs demolishing, a new Aldi there would be a fantastic and hopefully bring more retailers to Sandy Lane, creating more local jobs.

Yours,
