Subject:Support flor Application 2019/0366/FUL - New Aldi in Skelmersdale

To whom it may concern,

Would be excellent to have a supermarket closer to home without having to use transport!
I understand local store might suffer or complain about Aldi but they still still be used ! It
will bring employment to the area plus with the local businesses having people comming
area to work ie health centre WLBC etc they use Aldi and local shops too. Please build it
lets keep money in the area.

Yours,

Lesley Price
