Subject:Support for Application 2019/0366/FUL - New Aldi in Skelmersdale

To whom it may concern,

I firmly believe that a new Aldi store would be an excellent opportunity for Skelmersdale. The location of the current store is not convenient. Opening times are restricted due to the store being inside of the concourse, with the closing time of 7pm, yet all other Aldi stores are 10pm. The current store also does not have direct access to the main car park which makes shopping difficult. The store is also old and outdated, aisles are too small and it is difficult to move around the shop. I often have to travel to the newer store in Burscough in order to do my full shop. A new store in Skelmersdale like the Burscough one would be a huge benefit. It may offer more employment opportunities to local people due to extended opening times, the new site already has excellent access via bus routes and is close to the M58 motorway. It would attract both current and valued customers of Aldi along with new ones. Once opened I very much believe Aldi would continue to thrive and would attract further organisations and companies into the area due to its success. The new site for development is a brownfield site, let's use this disused site for something positive and exciting that will help Skelmersdale and it's residents.
Thankyou.

Yours,

Laura Ainsworth
