Subject: Support for Application 2019/0366/FUL - New Aldi in Skelmersdale

To whom it may concern,

I support the plans for a new Aldi. With the ever increasing prices at Asda, a larger Aldi store in an area of working class and poverty is needed. Also the area that I hear is proposed for the new site is in need of a store that is easily accessible and closer for the residents rather than travelling to the concourse or asda, and even out of town to Wigan to the larger Aldi's. It will create more jobs and revenue for the area and make the area overall better

Yours,

Kelly Roughley
