To whom it may concern,

This is the best thing to happen to old Sjem in a long time. Perfect place for an Aldi. Local to me as j five to Burscough all the time at the moment. Dont like the concourse one (too small) and this is brilliant for all the elderly local people. Also, will be good business for the shopping centre. Bring new faces to the area therefore creating more customers. Please please hurry up and start building it

Yours,
