Subject: Support for Application 2019/0366/FUL - New Aldi in Skelmersdale

To whom it may concern,

At the moment I have to drive to Burscough to get a decent Aldi shop- we need a bigger , better one in Skem. Getting your shopping to the car from the current branch is a nightmare - especially when the lifts are broken. I fully support this application and Skem is in desperate need of regeneration with all the new houses being built - the Connie is dead and lacking what the community needs!

Yours,

Carol Morris
