4. Description of Proposed Works

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s):

Replacement of french patio doors and three windows to the rear of my property. The reason for the replacement is that I have been advised by a decorator that the patio doors and the two windows in a extension that was added in 2005 are beyond repair and need to be replaced. The third leaded window is metal and also at the rear of the property. It is within the main bedroom within the main part of the house. I would also like to replace this window as it does not close properly and is difficult to maintain as there is no access to it due to another part of the 2005 extension.

I have engaged Timber windows to provide high quality patio doors and windows that are in keeping with the property. PDF's and information on the proposed windows are included as part of this Listed Building consent application.
