Morning Louise

As you know I met the applicant on site and we agreed a way forward in terms of regularising the original approval. I'm happy to support the application as it concurs with my discussions on site. The removal of the rooflight and the reduction in the kitchen wall opening will reverse the harm to heritage significance caused by the works carried out.

The applicant needs to confirm the specific opening size for the kitchen wall.

Thanks

David

### Coronavirus update

There are a number of changes in the way the CYC Development Services are working during the current Coronavirus situation. Development Services are now working remotely away from the office. We ask that you assist in this process and communicate with us by email and telephoning and not by posting items to the office address. If your enquiry is urgent please start the subject of your email with the word 'urgent' and where possible tick the urgent marker in options. Thank you
