

2010 Sherburne House

Ecosystems Services Statement

13.12.2021

a) Sustainably manage land and water environments;

Not applicable

b) Protect and provide more, better and joined up natural habitats;

An existing flat asphalt roof will be replaced with a traditional plain clay tile roof with double camber tiles providing suitable habitat for bats.

c) Conserve water resources and improve water quality;

Not applicable

d) Manage and mitigate the risk of flooding;

Not applicable

e) Improve the National Park's resilience to, and mitigation of, climate change;

Not applicable

f) Increase the ability to store carbon through new planting or other means;

Not applicable

g) Conserve and enhance soils;

Not applicable

h) Support the sustainable production and use of food, forestry and raw materials;

Not applicable

i) Reduce levels of pollution;

Not applicable

j) Improve opportunities for peoples' health and wellbeing;

Not applicable

k) Provide opportunities for access to the natural and cultural resources which contribute to the special qualities.
