Subject: RE: 2021/23487/HH - Souber Dairy (farmhouse)

Hi Ros,

I haven't been on site but I have tried to assess whether the tree is worthy of a TPO. It looks to be of reasonable quality but I don't think it is very visible to the public and therefore a TPO might not be suitable. The garage looks like it will go into the RPA by a few metres. I would request an Arboricultural method statement to identify and mitigate any potential damage to the tree during construction.

Many Thanks,

Michael
