

GLAZING OPTION	U-Value W/m ² K achieved
Single glazing only	5.5
Single glazing with secondary glazing - 4mm toughened safety glass	2.4
Single glazing with secondary glazing - 4mm Pilkington K glass (low emissivity)	1.6

OUR GLASS

We use toughened safety glass as a standard but we can also improve thermal efficiency even further by glazing the units with Pilkington K glass. This has a hard coating on
