

Construction Management Statement

Little Hollies, Station Road, Sway, SO41 6BA

This application is for a Lawful Development Certificate to convert the garage into a study and replace the garage door with a window.

All materials and machinery (if required) to be used during construction works will be stored within the red line application site.

No storage of materials or machinery will be necessary or allowed outside of the site.

Materials and equipment will be delivered to the site as and when needed to minimize the amount of on-site storage required.

Waste material will be stored within the red line application site ready for removal when works are completed.
