Planning & Development
45 John Street
Glasgow,
G1 1JE,

Dear Sirs

RE: PROPOSED WORKS AT THE REAR OF 84 MILLER STREET G1 1DT.

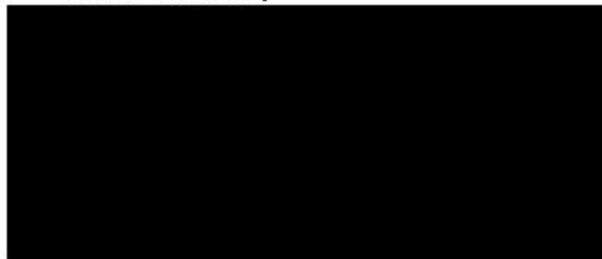

We would like to apply for planning consent for the proposed bin store to the rear of the above property.

Please find uploaded one colour set of drawings PL-01 showing the proposed works which include:-

- Reduction of the number of commercial bins by combining multiple business waste into less bins but with more frequent collections.
- Improved the look of the area by reducing the number of bins on display and housing the bins in a new secure communal bin hub.
- New bin store to be constructed from exterior grade ply painted in the LGBT colours to reflect the areas unique character and bringing a splash vibrance to the dull cul-de-sac.

If you require any further information, please do not hesitate to contact me.

Yours sincerely

Martin McMullen
Cc. Jonathan Doherty
Pat Doherty

Current cul-de-sac has multiple bins for each business with different collection days we aim to reduce the number of bins visible and have agreements from the current businesses to work together and use communal bins stored in the bin hub to improve the overall look of the area
