Details of the pre-application advice received

Application to remove the redundant agricultural occupancy condition was submitted 7 November 2021 but on advice of Mr Evely the application is now amended to the present submission. Email from Mr Evely dated 16th. November 2021 advised "I still consider that the simplest and cleanest was forward is for a full application to be submitted. In planning policy terms this is likely to be viewed positively (in light of the certificate). As this does not involve any operation development I think we can avoid elevations etc being submitted, which will hopefully save costs to your client". A Certificate of Lawful Existing Use or Development was granted 19th. JULY 2021 in respect of the unrestricted occupiaon of the dwelling since 28th. July 2002 and a copy is attached to this application. In determining a similar application in comparable circumstances, a recent decision noted "The Upper Tribunal (Lands Chamber) are likely to deem the grant of the attached Certificate of Lawfulness a material change in circumstances which renders the imposition of the Agricultural Occupancy restriction in the Section 52 Agreement as being 'obsolete'". Email from the Registration Officer dated 12 November 2021 "Where the original permission granted consent for two agricultural workers' cottages, and now you are looking to remove the condition on 2 South View only, I have been advised to recommend you submit a full planning application for "the use of an agricultural workers dwelling as an unrestricted dwelling" which would provide a cleaner, simpler approach to facilitate your clients intentions. This will also alleviate the need to submit the combination of a Non Material Amendment application and a Section 73 application".
