

**EXISTING**

**PROPOSED**

**CONSTRUCTION NOTES -**

1 - Change of use from current Garage space to Habitable space with internal doorway to existing house

Garage doors and door frame replaced with cavity wall with timber/composite panel including insulation to replace but mimic garage door appearance to meet current thermal regs

Composite panels to be coloured

All opening windows to be Escape windows, tilt and turn with clear openings greater than 0.33m<sup>2</sup> to meet regs. Windows to be upvc to match existing property windows

See other drawing for details and sizing of doors and windows

**ELEVATIONS**
