Work request:

- T1 Ash. Reduce the end weight by 2-3m of the ash trees on the northern side which overhang the neighbours property. **Reason:** To reduce the chances of more branch failures.
- T2 Elm. Remove to ground level. **Reason:** The tree is leaning towards the property.
- T3 Ash. Reduce branches growing over the neighbour's house to obtain 2m clearance (secondary branches only).
- Wooded Area. Remove major deadwood from 10 x other ash trees and remove 2 dead ash trees to ground level. **Reason:** To clear the property.
