Standalone Flood Risk Assessment (FRA) by external environmental consultant is not required for application of this scale involving single-storey side extension. Introduction of water butts and use of existing combined foul and surface water site drainage system is likely to be sufficient means of mitigating any additional surface water following works. Mr Mike Burch of the Lead Local Flood Authority (Surrey County Council) has also advised 'Flood Search' provided as part of property purchase is acceptable; as increase in impermeable area is likely to be minimal as proposal also involves removal of detached existing Garage building (with hipped roof slopes).

11. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent. Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
