

ALL NUMBERED BOUNDARIES PRESENT A SAFEGUARDING CONCERN DUE TO THEIR LIMITED HEIGHT. BOUNDARY MATERIALS VARY INCLUDING PALISADE FENCING, CORRUGATED FENCING, METAL POST AND WIRE FENCING AND MASONRY. THE LOWEST BOUNDARY HEIGHT BORDERS WESTGATE STREET AT APPROX. 900MM. ALL OTHER FENCING VARIES IN HEIGHT FROM CIRCA 1300MM TO 1800MM. IN SOME LOCATIONS, IMMEDIATELY ADJACENT GROUND LEVELS ARE HIGHER THAN ACADEMY SITE AND THEREFORE EXISTING FENCING HEIGHTS ARE FURTHER COMPROMISED.

This drawing supports the Planning Application for the replacement of boundary fencing and gates and replacement of some windows. This drawing must be read in conjunction with all other Planning related drawings.

Project

Remedial Works to Internal Floors, Replacement of Fencing, Replacement of Windows and Associated Works.

Site Address

Southery Academy. Westgate Street, Southery, Downham Market, Norfolk. PE38 0PA.

Drawing Title

Aerial Photographs Showing Existing Boundaries.
