Subject: two fallen trees

I'm writing to let you know that we had a tree come down on Friday night, it was a dead one. I have attached the pictures of that one – that one is on the Beverley road side.

More importantly this morning one the super large conifers came down in the garden Please see the photos.

I have gone around trying to see what damage it has done.

It has also taken out our Blue cedar as well.

What I am concerned about is the 3 other large conifers that were protected by the big one.

Please can somebody call me urgently to help us.
