Description of Proposed Works Please describe the proposed works Rebuild a boundary wall that has fallen down. Being next to the main read and a utility access manhole the wall has been made safe with only a small part har remains stable. The house is in a conservation area and I have been advised that I require planning permission before the wall is rebuild in its existing position to a height of 2.3m, length approx 8m and width .5m. The plan is to rebuild the wall as it was first constructed with the stone recovered from the original wall and cement of the same colour. The foundations will be deeper to ensure the wall does not fall into the main road again. Has the work already been started without consent? Yes No Explanation for Proposed Demolition Work Why is it necessary to demolish all or part of the building(s) and/or structure(s)? The wall fell down in a storm. I am told that it was built 51 years ago and heavy rain caused it to builge and eventually fall down Materials Does the proposed development require any materials to be used externally? Yes No No Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each naterial) Type: Boundary treatments (e.g. fences, walls) Existing materials and finishes: Cotewold stone with cement using sand of the same colour Proposed materials and finishes: The same Cotewold stone recovered from the original wall and the same mix of sand/cement No you supplying additional information on submitted plans, drawings or a design and access statement?
