Undated, mid-twentieth century photograph, showing the barn originally clad in weatherboard and the lower range to the east rendered, possibly over weatherboard (SPAB file)

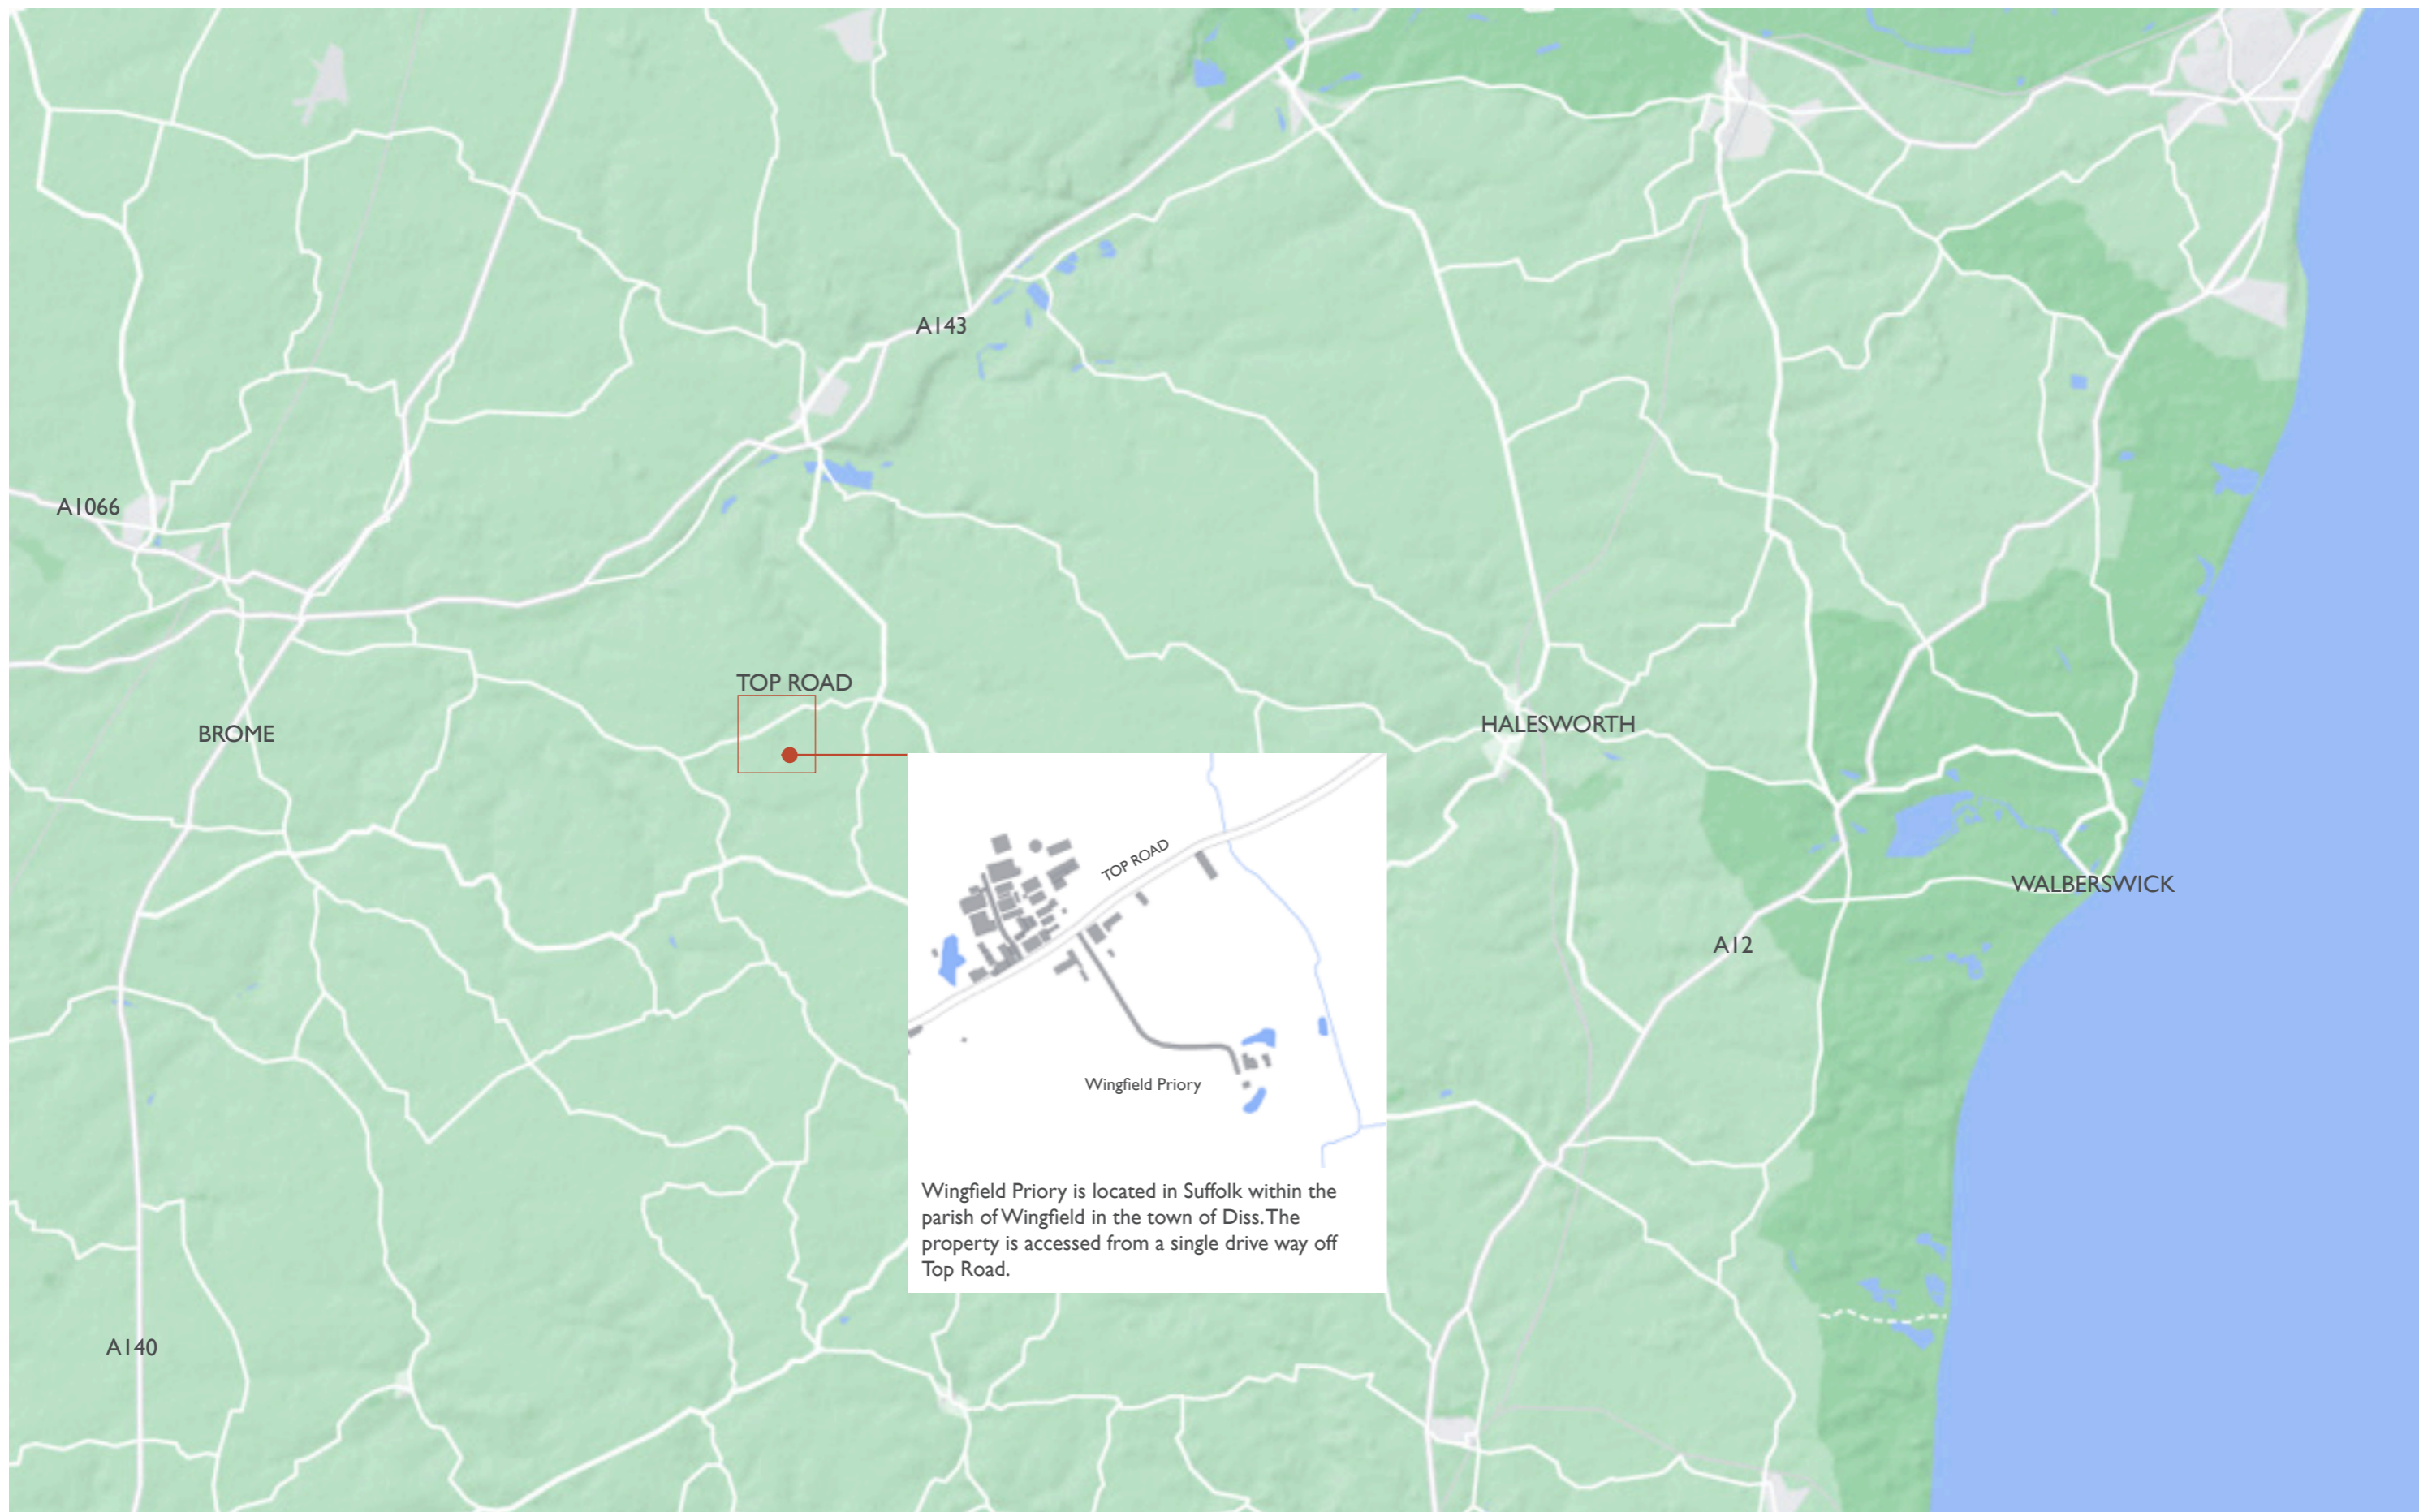

## 1.0 Introduction

This document has been prepared by Retrouvius Design Ltd. in support of a Listed Building Application for works to the Grade II listed Wingfield Priory.

The works include:

- 1) the removal of the entrance link building;
- 2) a new entrance porch;
- 3) alterations to the main barn;
- 4) alterations to the annex building windows;
- 5) internal alterations; and
- 6) external works to the landscaping.

It is both our and our client's intention to preserve the historic fabric of the building whilst allowing for a more sustainable approach to heating the spaces.

Wingfield Priory is located in Suffolk within the parish of Wingfield in the town of Diss. The property is accessed from a single drive way off Top Road.
