

6. Please complete this form and send it in with your planning application remembering:

- Actions which relate to your local area.
- As many actions as possible.
- Actions which meet as many different criteria as possible.

A worked example is shown in the first row for your information.

Ecosystem Services Actions	Policy SD2 criterion
<i>Rainwater from the extension will be collected and used for watering the garden. The rainwater harvesting system is shown on submitted plan 101C dated 12.03.2018.</i>	A, C and D
	a) Sustainably manage land and water environments;
The proposal includes the installation of two bat boxes fixed to existing trees within the garden	b) Protect and provide more, better and joined up natural habitats;
	c) Conserve water resources and improve water quality;
The property is not within a flood area	d) Manage and mitigate the risk of flooding;
The proposed windows and extension are built to modern energy efficient standards	e) Improve the National Park's resilience to, and mitigation of, climate change;
	f) Increase the ability to store carbon through new planting or other means;
	g) Conserve and enhance soils;
	h) Support the sustainable production and use of food, forestry and raw materials;
	i) Reduce levels of pollution;
The conversion of the annexe provides a more versatile dwelling (e.g. potential use for family relations in need of care)	j) Improve opportunities for peoples' health and wellbeing;
	k) Provide opportunities for access to the natural and cultural resources which contribute to the special qualities.
