Dear Sirs,

Further to below please find below additional information as requested for validation purposes-

1- We note the intended ASHP will be a Mitsubishi EcoDan 9KW however, as the unit is positioned more than 1m from any neighbouring boundary we understand that this is permitted development in any case therefore should the specification change to an alternative manufacturer we assume we won't be required to confirm/seek approval for any further changes for planning purposes.

2 - We confirm we are happy with the suggested description change.

Regards

**Ruth Paternoster** BA(Hons) Dip Arch MArch RIBA
