Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Construction of a covered lagoon for the storage of anaerobic digestate. The lagoon to be dug out to a depth of 2 metres and the earth spoil used to form an earth bank around the lagoon which will be grassed down. The lagoon to be lined with a HDPE geotextile with a floating LLPDE cover.

The anaerobic digestate will be used as liquid fertiliser on the farm, reducing our reliance on artificial fertiliser, thus reducing our carbon footprint and increasing organic matter in the soil.

Has the work or change of use already started?
