

Further to my conversation with John Alderson yesterday I am forwarding this application for permission to fell a pine tree in my garden.

I have already submitted an application on the 03-03-2022 at (https://doitonline.durham.gov.uk/en/AchieveForms?service=R4&mode=view&task_id=FS406172843&process_id=AF-Process-67fbfb17-c27a-402f-a828-14d149c0a3df) Case reference FS-Case-406172843 of which I did not receive a reply.

Reason for wanting the tree removed

My neighbour and I are concerned about the safety of a large pine tree in my garden bordering his garden putting his house and green house at risk

should it fall.

During the recent storm I already had to employ some body to remove a big branch that snapped and had to be removed for safety.

My neighbour (Tony Johnson from 45 The Causeway Wolsingham) has already contacted John Alderson FS-Case-402699832).

With this Email I enclose:

1. Scanned copy of the Application form for proposed works to trees in a conservation area.
2. Picture of property map where the tree is located.
3. Picture of the tree in relation to my neighbour property.
4. Picture of tree showing the branch already snapped (which I had to get removed).

Kind regards

S. Salvetti
