

Stable block - See National Timber drawing.

Muck heap.

Tornado post & rail perimeter fence.

Temporary field shelters.

Small barn - See National Timber drawing.

Type 1 gravel access road.

Tornado post & rail perimeter fence.  
Native trees & hedgerows planted within a zone between the highway and the Tornado post and rail fence.

New 5 bar gates.  
Remove existing 5 bar gated access from Main Road.  
Improve existing entrance with concrete crossover and parking area in front of new gates. Provide channel drain to prevent surface water running on to the Public Highway.
