

# Tree Work Application - Ellsall House, Ellerker, East Riding of Yorkshire

Date – 21st March 2021 Report by Mark S Feather BSc M Arb (RFS) Tech Arbor A MICFor

## 1.0 Tree Locations (Plan 1A)

## 2.0 Site Plan

### Tree Details

Tree no	Species	Height	Stem Dia RPA	Branch Spread	Age class	Condition	Management Recommendations
T1	Cedar	14m	400mm	6m	M	Good	Remove

### 3.0 Reasons for Tree Work Application

The Cedar tree is located close to the front of the property and the reason for wishing to remove the tree are:

- Location of the tree tight to the front of the property and its ultimate size
- Problem with the branches in the crown of the tree interfering with overhead wires
- Concerns over the roots of the tree causing problems with the banks of the stream
