

## Sustainability Statement for Alterations / Retrofit / Conversion of Heritage Assets or Traditional Buildings

Please complete the tick list below to indicate which sustainability standards your development complies with and provide details of how your development complies with them. Refer to the Sustainability Checklist and our web pages for further guidance.

Sustainability standards	Tick one	
	Yes	No
<b>A Alterations / retrofit / conversion of heritage assets or traditional buildings</b>		
1. Have you appropriately assessed the heritage value of the building(s) and considered the impact of your proposal any heritage asset?	✓	
Answer: Please see Heritage Appraisal		
2. Have you considered a 'Whole Building Approach'?		✓
Answer: <b>N/A</b> Application relates to roof works		
3. Have you considered whether your proposal adheres to Responsible Retrofit measures?		✓
Answer: <b>N/A</b> Application relates to roof works		
<b>B Water use and flood risk</b>		
1. Can you demonstrate that water consumption will be minimised?		✓
Answer: <b>N/A</b> Application relates to roof works		
2. Do you include measures to conserve water through rainwater harvesting and/or water recycling?		✓
Answer: <b>N/A</b> Application relates to roof works		
3. Has flood risk been appropriately assessed and will you be implementing sustainable flood risk management?		✓

Sustainability standards	Tick one	
	Yes	No
Answer: <b>N/A</b> Application relates to roof works		
<b>C Biodiversity</b>		
1. Have you considered whether your project will impact on ecological features of the site?	✓	
Answer: Please see Bat Roost Characterisation Survey Report		
2. How have you mitigated all of the impacts?	✓	
Answer: Please see Bat Roost Characterisation Survey Report		
3. How will you compensate for any residual impacts?	✓	
Answer: Please see Bat Roost Characterisation Survey Report		
4. Are you including two or more of the enhancement features from the list?	✓	
Answer: Please see Bat Roost Characterisation Survey Report		
<b>D Green and active travel</b>		
1. Do you provide adequate space for the safe, secure and well-lit storage of bicycles?		✓
2. Within the design of a non-domestic development, have you provided a sufficient number of spaces to cycle storage?		
Answer: <b>N/A</b> Application relates to roof works		
3. What provisions have been made to encourage home working?		✓
Answer: <b>N/A</b> Application relates to roof works		
4. Do you provide infrastructure for the charging of Electric Vehicles?		✓
Answer: <b>N/A</b> Application relates to roof works		
<b>E Energy and Renewables</b>		
1. Has your project been designed to be fossil-fuel free?		✓
Answer: <b>N/A</b> Application relates to roof works		
2. Does your development use renewable energy technologies?		✓

Sustainability standards	Tick one	
	Yes	No
Answer: <b>N/A</b> Application relates to roof works		
3. Have you considered the embodied carbon emissions of your project and taken steps to minimise these?		✓
Answer: <b>N/A</b> Application relates to roof works		
<b>F Sustainable Construction, Materials and Waste</b>		
1. Will the construction company be registered with the Considerate Construction Scheme?		
Answer: To be decided		
2. Will you be developing a Site Waste Management Plan (SWMP) as a way of reducing and managing construction waste?		
Answer: To be decided		
3. What are your targets for recycling construction waste / reducing waste going to landfill?		
Answer: To be decided		
4. Are you taking steps to source construction materials that are sustainably sourced, sourced from local areas, 'healthy' materials (not environmentally sensitive, e.g. non-toxic) and robust?	✓	
Answer: Sustainable Materials to be sourced where possible		
5. Have you provided safe and convenient access, both within and outside of the development, for the recycling of waste?		
Answer: <b>N/A</b> Application relates to roof works		
<b>F Voluntary sustainability standards</b>		
1. Are you pursuing a Building Research Establishment Environmental Assessment Method (BREEAM) certification for your non-domestic development?		✓
Answer: <b>N/A</b> Application relates to roof works		
2. Are you pursuing another sustainability accreditation and / or recognised sustainability principles?		✓

Sustainability standards	Tick one	
	Yes	No
Answer: <b>N/A</b> Application relates to roof works✓
