Dear Sir or Madam

TOWN AND COUNTRY PLANNING ACT 1990

Details: **Erection of new timber framed stores building including the removal of 4 No trees. at Sandringham Visitor Centre Scotch Belt Sandringham Norfolk PE35 6EH**

I have received a planning application as detailed above but cannot process it until I receive some more information:

1. Please provide a roof plan to scale of either 1:100 or 1:50
2. In accordance with the National Validation Checklist, which became mandatory on 6 May 2008, we will require information regarding site levels. If site levels are to change, please provide four copies of a site survey drawing, alternatively, if site levels are to remain unchanged, this can be annotated on the relevant plan or advised in writing.

Once this information is received your application will become valid and the application can be passed to the relevant planning officer.

To enable us to deal with the additional information requested efficiently could you please ensure you quote the Application Number detailed at the top of this letter along with the name of the officer detailed on this letter. Could you also clearly state the location and details of the proposed development in all correspondence and **mark it for the attention of Miss Sandra Homcenko**

Yours faithfully

Executive Director
Environment and Planning
